

Hello FRC teams!

Kickoff your *FIRST* Robotics season by attending the first annual off-season JUMPSTART training event sponsored by Medtronic! This year teams 7068, 4607, 2052, 2987 are partnering to deliver a learning event at Medtronic Operational Headquarters in Fridley on October 26. [Learn more](#) about additional JUMPSTART events throughout Minnesota.

Your team is invited to submit a presentation as part of the JUMPSTART program. Presentations should be roughly 40 minutes in length and cover a topic of your team's choice related to *FIRST*. Topics of interest to teams include everything from writing a Chairman's Award submission to building technical skills in the off season. Please submit your request for a presentation using this [online form](#) by September 9th.

For general tips on the presentations, see the tips and tricks document attached to this email describing what to expect when presenting at JUMPSTART. We're looking forward to seeing you and learning how to advance FRC from your experiences! Watch for team registration to open on September 16th.
