

*FIRST* Equity & Inclusion Financing Initiative for  
*FIRST* in Upper Midwest  
(FEI FI FO FUM GRANT)

Issued December 2, 2020

Purpose:

- *FIRST* in the Upper Midwest (FUM) understands the importance of including diverse abilities and perspectives within each team. This new funding opportunity will provide FUM *FIRST* Robotics Competition (FRC) teams with a grant to implement a project that will make changes to culture and increase the participation and success of [underserved, underrepresented and/or vulnerable populations](https://www.firstinspires.org/about/diversityinclusion) (<https://www.firstinspires.org/about/diversityinclusion>) in *FIRST* Robotics in Minnesota, North Dakota and South Dakota..
- FUM is seeking new and creative proposals from FRC teams, with the understanding that they may or may not have the desired effect immediately. The proposed project should not be something the team is currently doing but rather a new initiative based on an assessment of team diversity and culture that is intended to make positive change that increases the participation and success of [underserved, underrepresented and/or vulnerable populations](https://www.firstinspires.org/about/diversityinclusion) (<https://www.firstinspires.org/about/diversityinclusion>) in robotics. Diverse populations will not be the same for every team, so we anticipate that successful proposals will address an aspect of diversity, equity and inclusion that is unique to the team and its community. Teams are encouraged to identify barriers to inclusion and then decide what they want to do and how they will measure success. Projects could include but are not limited to: “Girls Night in the Shop”, development of materials in different languages, speaker fees and other costs for a team event, etc.
- The proposal should have a specific, measurable, achievable, relevant, and time bound (SMART) goal.
- Grants are available between \$100 and \$1000

*FIRST* Equity & Inclusion Financing Initiative for  
*FIRST* in Upper Midwest  
(FEI FI FO FUM GRANT)

Application and review process:

To request funding, an eligible FRC team in Minnesota, North Dakota or South Dakota can submit a brief application that describes the project, the project goal, the accountability measures and plan for assessment of the project's impact and success, and how the requested funds will be spent to implement the project. Applications will be reviewed by a FUM ad hoc committee and a funding decision provided within a month after the application deadline.

- Eligible Teams: Any 2021 Registered *FIRST* Robotics Competition team in Minnesota, North Dakota or South Dakota that is interested in making a positive impact by increasing the participation and success of underserved, underrepresented and/or vulnerable populations (<https://www.firstinspires.org/about/diversityinclusion>) in *FIRST* Robotics. Grant distribution will attempt to make awards geographically representative within Minnesota, North Dakota, and South Dakota. Teams that have been awarded a 2021 *FIRST* Equity and Access Grant are NOT eligible to apply.
- Grant Value: Any amount between \$100 and \$1,000. Teams are only eligible to receive one award.
- Grant Requirements: Grant will be awarded in cash to the "team" (school district or team account), and not to individuals, upon approval of the grant proposal and receipt of an IRS Form W-9. The project must be completed and the funds spent by October 31, 2021. A summary report describing the project outcome, how the funds were spent, and any photos must be submitted to FUM by no later than November 30, 2021.
- Online application at <http://bit.ly/fumdeigrant>
- Application Due Date: 5:00 PM Tuesday, January 26, 2021
