

## **2023 FUM Equity & Inclusion Financing Initiative**

### **Team 3134 Summary Report**

#### **1. The goal(s) of the project**

- a. Purchase Spike Prime and expansion sets to bolster their FLL program for middle school students. Not only to recreate a feeder program for our FRC teams but to engage younger students in STEM Education.

#### **2. How you used the funds**

- a. We were able to utilize the funding received to purchase 3-Spike Prime (\$1,620) and 3- Expansion sets (\$419.85) for our Middle School FLL team to use in the 2023 season and beyond. Our kits are also available to STEM M.S. classroom teachers and our special education dept. for Unified Robotics use.

#### **3. Outcome and impact of the project on your team/school/community**

- a. We were able to restart our defunct FLL program with the help of this funding and a returning alumni coach. Our FRC teams were also instrumental in starting a new FLL event in the Bemidji area where our High School students and mentors volunteered.

#### **4. Any future plans**

- a. We are also hoping to field a Unified Team next season using the supplies from the grant.

#### **5. Any photos/videos of your activities that were supported by the grant.**
